The mission of the Boys & Girls Club of Winnemucca is to enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens. To achieve this mission, the Boys & Girls Club offers kids a safe place to learn and grow, ongoing relationships with caring adult professionals, life-enhancing programs and character development experiences.

Their new facility is a 37,000-square-foot pre-engineered Nucor building to meet the needs of the community. It includes separate areas for teens and youth with education and STEM classrooms, computer labs, recreation rooms, art rooms and a recording studio. It houses a cafeteria/multi-purpose room and a two-court gymnasium, as well as an indoor running and walking track. The facility also offers a fitness center open to the entire community.
